THE ORGANIZATION

MISSION STATEMENT

Holding Hands Massachusetts guides Latinx families through hardships, connecting them to housing, immigration, and healthcare resources with the care and knowledge that feels like family. With more than 25 years of community work, Holding Hands partners with families to navigate local healthcare institutions, housing, and immigrant paperwork, and relationships that make a lasting change. By working with each family individually, we ensure that no family faces life’s overwhelming challenges alone. At Holding Hands Massachusetts, our hands become your wings.

Subject: You Made an Impact at Holding Hands Massachusetts

Dear [Donor First Name],

Your generosity makes it possible for us to keep being the hands that carefully hold and become people's wings at Holding Hands Massachusetts.

Because of your support, here is what that has looked like:

- [X] families connected to stable housing resources in the Waltham area
- [X] individuals guided through immigration advocacy and support
- [X] community members partnered with social and emotional well-being services

These are not numbers to us. Each one is a family, a neighbor, and a friend that now has a door open to them that wasn't before.

Since our founding, we have been walking and soaring alongside Latino and Latina individuals and families as they navigate some of life's most difficult moments. Housing. Immigration. Mental well-being. These are not simple challenges.

Your investment in Holding Hands Massachusetts is an investment in a community that is resilient, rooted, and rising. We are only able to do this work because of donors like you who believe that every family deserves wings.

With deep gratitude and in partnership,
